

May 14, 1973

Nation's senior citizens available to our Nation's economy to a greater degree than is presently possible. I strongly believe that senior citizens, for the most part, want to remain active contributing members of the community for as long as possible. America's 20 million senior citizens are largely responsible for the unprecedented wealth and power that our Nation has achieved and I believe that we should not exclude them from actively participating in the economic affairs of our Nation.

Mr. President, I ask unanimous consent that the text of this legislation be printed in the CONGRESSIONAL RECORD at the completion of my remarks.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 1787

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) paragraphs (1), (3), and (4) (B) of section 203(f), and paragraph (1) (A) of section 203 (h), of the Social Security Act are each amended by striking out "\$175" and inserting in lieu thereof "\$233.33".

(b) The amendments made by subsection (a) shall apply with respect to taxable years ending after December 1973.

By Mr. BENTSEN:

S. 1789. A bill to designate certain lands in the Guadalupe Mountains National Park, Tex., as wilderness; and

S. 1790. A bill to amend section 3(a) of the Wild and Scenic Rivers Act, as amended. Referred to the Committee on Interior and Insular Affairs.

Mr. BENTSEN. Mr. President, I am today introducing legislation to protect and conserve two of the most scenic and unspoiled areas in the continental United States. I am referring to the rugged desert wilderness of the Guadalupe Mountains National Park and to the awesome lower canyons that bound the Rio Grande along its banks through the Big Bend National Park and down the southern stretches of the river.

Each of these areas represents a unique portion of the Southwest that encompasses some of the most sparsely inhabited and well-preserved wilderness on the North American Continent. The lower canyons of the Rio Grande can only be compared to such wild river canyons as the Grand Canyon of the Colorado and the Hell's Canyons of the Snake River. The lower canyon regions of the river are so wild and uninhabitable that they remained unexplored and uncharted until the early 1900's.

In approving the National Wild and Scenic Rivers Act the Congress authorized a study of the Rio Grande for protection as a part of the wild river system. The areas I have proposed are an obvious candidate for designation of a wild river and I am recommending that this stretch of the river be included in the wild river system as soon as possible. One need only visit this rugged area and canoe through the sheer cliffs of Mariscal and Boquillas Canyons to experience the majesty and force of this river and to understand why it must be preserved.

The Guadalupe Mountains National Park is located in the western-most re-

gion of the State on the Texas-New Mexico border. My bill would designate 46,850 acres of the area within Guadalupe Mountains National Park as a wilderness. This proposal is based upon a recommendation of the National Park Service, and was recommended to the 92d Congress by the Park Service for inclusion in the National Wilderness Preservation System.

The Guadalupe Mountains National Park comprises over 77,000 acres of Chihuahuan Desert marked by such prominent mountain peaks as El Capitan and the highest point in Texas, Guadalupe Peak. The most important feature of the wilderness area however is the distinctive relic forest referred to as the Bowl and the unique geology and fragile biology of McKittrick Canyon which is located at the northern edge of the designated area. The entire park is marked by a rugged topography that includes a variety of vegetation which are of considerable scientific interest and a scenic landscape that has made the park a popular addition to the National Park System.

By including these two stretches of Texas wilderness in the Wild River System and the Wilderness Area Preservation System we will set them aside for special protection and restricted development.

Despite their rugged appearance both areas are parts of ecological systems that are easily damaged and difficult to repair. The life cycle of a desert ecology is literally a slow-motion sequence. The vegetation and relic trees of the Guadalupe Mountains have already suffered damage due to extensive use of the park. We must act now to insure that this natural heritage is saved for future enjoyment and scientific study.

Likewise, the steep canyons and rugged banks of the Rio Grande are susceptible to the blight of unregulated development or improper use that often follows upon the popular use of such a scenic area. In each of these cases we must be willing to take a stand and to leave these works of nature unmarred by the designs of man. Conservation for conservation's sake is more than justified when one is speaking of such spectacular beauty as contained in these two regions of Texas.

I urge the Committee on Interior and Insular Affairs to give these two measures prompt and favorable consideration.

By Mr. FULBRIGHT (by request):

S. 1791. A bill to amend title VIII of the Foreign Service Act of 1946, as amended, relating to the Foreign Service retirement and disability system, and for other purposes. Referred to the Committee on Foreign Relations.

AMENDMENT OF THE FOREIGN SERVICE ACT OF 1946

Mr. FULBRIGHT. Mr. President, by request, I introduce for appropriate reference a bill to amend title VIII of the Foreign Service Act of 1946, as amended, relating to the Foreign Service retirement and disability system, and for other purposes.

partment of State and I am introducing it in order that there may be a specific bill to which Members of the Senate and the public may direct their attention and comments.

I reserve my right to support or oppose this bill, as well as any suggested amendments to it, when the matter is considered by the Committee on Foreign Relations.

I ask unanimous consent that the bill be printed in the RECORD at this point, together with the letter from the Acting Assistant Secretary of State to the Vice President dated April 19, 1973.

There being no objection, the bill and letter were ordered to be printed in the RECORD, as follows:

If an annuitant entitled to receive a reduced annuity under this paragraph dies and is survived by a spouse, a survivor annuity shall be paid to the surviving spouse equal to 55 percentum of the full amount of the participant's annuity computed under paragraph (a) of this section, or by 55 percentum of any lesser amount the annuitant designated at the time of retirement as the base for the survivor benefit.

"(g) An annuitant who was unmarried at retirement and who later marries may, within one year after such marriage, irrevocably elect in writing a reduced annuity with benefit to any surviving spouse who qualifies under section 804(b). The reduction in annuity shall be effective the first day of the month after notice of the election is received by the Secretary. Except by the Secretary of notice of an election under this paragraph voids prospectively any election previously made under paragraph (f). "(i) Any married annuitant who reverts to retired status with entitlement to a supplemental annuity under section 871 shall unless the annuitant elects in writing to the contrary at that time, have the supplemental annuity reduced by 10 percentum, to provide a supplemental survivor annuity for his or her spouse. The annuity of a former participant who is entitled to a deferred annuity under section 834 or under any other section of this Act shall begin on the day he or she reaches age 60.

"(b) The annuity to a survivor shall become effective as otherwise specified but shall not be paid until the survivor submits an application therefor supported by such proof of eligibility as the Secretary may require. If such application or proof of eligibility is not submitted during an otherwise eligible person's lifetime, no annuity shall be due or payable to his or her estate.

"(c) An individual entitled to annuity from the Fund may decline to accept all or any part of the annuity by submitting a signed waiver to the Secretary. The waiver may be revoked in writing at any time. Payment of the annuity waived may not be made for the period during which the waiver was in effect.

This provision shall not bar the right of any claimant to the greater benefit conferred by either this Act or such subchapter for any part of the same period of time. Neither this provision nor any provision of such subchapter shall be so construed as to deny the right of any participant to receive an annuity under this Act and to receive concurrently any payment under such subchapter by reason of the death of any other person"; and (D) by striking the phrase "section 14 of the Act of September 16, 1916, as amended "from paragraph (e) thereof and substituting "5 U.S.C. 8135" in lieu thereof.

"(f) If any annuitant who elected a reduced annuity dies in Service after being recalled under section 520(b) and is survived by a spouse entitled to a survivor annuity based on such an election, such survivor annuity shall be computed as if the recall service had otherwise terminated on the day of death and the deceased's annuity had been resumed in accordance with section 871. If such a death occurs after the annuitant has completed sufficient recall service to attain eligibility for a supplemental annuity, a surviving spouse, in addition to any other benefits, shall be entitled to a supplemental survivor annuity computed under section 821(1) as if the recall service had otherwise terminated. If the annuitant had completed sufficient recall service to attain eligibility to have his or her annuity determined anew, a surviving spouse may elect, in lieu of any other benefit under this title, to have the annuitant's rights redetermined and to receive a survivor annuity computed under paragraph (b) of this section on the basis of the annuitant's total service.

Interest shall not be paid for a fractional part of a month in the total service or on compulsory and special contributions from an annuitant for recall service or other service performed after the date of separation which forms the basis for annuity.

"(b) Whenever a participant becomes separated from the Service without becoming eligible for an annuity or a deferred annuity in accordance with the provisions of this Act, the lump-sum credit shall be paid to the participant.

"(c) Whenever an annuitant becomes separated from the Service following a period of recall service without becoming eligible for a supplemental or recomputed annuity under section 871, the annuitant's compulsory contributions to the Fund for such service together with any special contributions the annuitant may have made for other service

"(g) Payments authorized in paragraphs (d) through (f) of this section shall be paid in the following order of precedence to such person or persons surviving the participant and alive on the date entitlement to the payment arises, upon the establishment of a valid claim therefor, and such payment shall be a bar to recovery by any other person.

"(1) To the beneficiary or beneficiaries last designated by the participant before or after retirement in a signed and witnessed writing received by the Secretary prior to the participant's death. For this purpose a designation, change, or cancellation of beneficiary in a will or other document not so executed and filed shall have no force or effect;

"(2) If there be no such beneficiary, to the surviving wife or husband of such participant;

"(3) If none of the above, to the child or children of such participant (including adopted and natural children but not stepchildren) and descendants of deceased children by representation;

Conversely, any such service that is not creditable under specified conditions under 5 U.S.C. 8332 shall

May 14, 1973

be excluded under this title under the same conditions."

(c) Section 851 of such Act is further amended by adding the following new paragraphs at the end thereof:

"(c) (1) A participant who enters on approved leave without pay to serve as a full-time officer or employee of an organization composed primarily of Government employees may, within 60 days after entering on that leave without pay, file with the employing agency an election to receive full retirement credit for such periods of leave without pay and arrange to pay concurrently into the Fund through the employing agency, amounts equal to the retirement deductions and agency contributions on the Foreign Service salary rate that would be applicable if the participant were in a pay status. If the election and all payments provided by this paragraph are not made for the periods of such leave without pay occurring after the effective date of this paragraph, the participant may not receive any credit for such periods of leave without pay occurring after such date.

"(c) (2) A participant may make a special contribution in accordance with section 811 for any period or periods of approved leave without pay while serving, before the effective date of this paragraph, as a full-time officer or employee of an organization composed primarily of Government employees. Any such contribution shall be based upon the suspended Foreign Service salary rate. A participant who makes such a contribution shall be allowed full retirement credit for the period or periods of leave without pay. If the deposit is not made in full, retirement credit shall be allowed for so much of the periods of leave without pay as do not exceed 6 months in the aggregate in any calendar year.

"(d) A participant who has received a refund of retirement contributions (which has not been repaid) under this or any other retirement system for Government employees covering service which may be creditable, may make a special contribution for such service pursuant to section 811. Credit may not be allowed for service covered by the refund unless the special contribution is made.

"(e) No credit in annuity computation shall be allowed for any period of civilian service during which a participant was covered under another retirement system for Government employees unless 1) the right to any annuity under the other system which is based on such service is waived and 2) a special contribution is made covering such service pursuant to section 811.

"(f) A participant who during the period of a war, or of a national emergency as proclaimed by the President or declared by the Congress, leaves the Service to enter the military service is deemed, for the purpose of this title, as not separated from the Service unless the participant applies for and receives a lump-sum payment under section 841. However, the participant is deemed to be separated from the Service after the expiration of five years of such military service."

FUNDING NORMAL COST

SEC. 111. Section 865 of such Act is amended (A) by inserting "(a)" immediately after "Sec. 865," and (B) by adding the following new paragraph at the end thereof:

"(b) At the end of each fiscal year, the Secretary shall notify the Secretary of the Treasury of the amount of the Foreign Service normal cost for that year which was not met by contributions under section 811(a). The Secretary shall report to the President and to the Congress the sums credited to the Fund under this section."

SEC. 112. Section 871 of such Act is amended to read as follows:

"Sec. 871. Any annuitant recalled to duty in the Service in accordance with the provisions of section 520(b) shall, while so serving, be entitled in lieu of annuity to the full salary of the class in which serving. During such service, the recalled annuitant shall make contributions to the Fund in accordance with the provisions of section 811. On the day following termination of the recall service, the former annuity shall be resumed adjusted by any cost-of-living increases(s) under section 882 that became effective during the recall period. If the recall service lasts less than one year, the annuitant's contributions to the Fund during recall service shall be refunded in accordance with section 841. If the recall service lasts more than one year, the annuitant may, in lieu of such refund, elect a supplemental annuity computed under section 821 on the basis of service credit and average salary earned during the recall period irrespective of the number of years of service credit previously earned. If the recall service continues for at least five years, the annuitant may elect, in lieu of having his or her former annuity resumed and supplemented as provided in this paragraph, to have his or her annuity determined anew under section 821. Any annuitant who is recalled under section 520(b) may, upon written application, count as recall service any prior service that is creditable under section 851 that was performed after the separation upon which his or her annuity is based."

VOLUNTARY CONTRIBUTIONS

SEC. 113. (s) Amend paragraph (a) of section 881 of such Act by deleting the portion of such paragraph that precedes subparagraph (1) thereof and substitute the following in lieu thereof:

DEPARTMENT OF STATE,
Washington, D.C., April 19, 1973.

Hon. SPENCER T. AGNEW,
President of the Senate,
Washington, D.C.

DEAR MR. PRESIDENT: There is transmitted herewith for consideration of the Congress proposed legislation to amend the Foreign Service Act of 1946 to improve the Foreign Service Retirement and Disability System. The following are the most significant of these improvements.

1. Addition of a permanent indefinite appropriation to authorize the Secretary of the Treasury to deposit annually in the Foreign Service Retirement Fund the balance of the Foreign Service normal retirement cost not met by other applicable receipts. If the proposed legislation is enacted, about \$6 million annually would be required for this purpose

at current payroll levels. As described more fully in the enclosed explanation of the proposed amendment of section 885, the career nature of the Foreign Service and its somewhat superior benefit formula make the cost of the Foreign Service retirement system proportionately greater than the cost of the Civil Service system. Consequently, the normal cost of the Foreign Service retirement system is not being fully met by the current seven percent employee and matching Government contributions as in the normal cost of the Civil Service system. Additional funds are therefore required to meet this cost. The proposed permanent indefinite appropriation would meet this requirement.

2. Revision of Foreign Service survivor and service credit provisions to equate them to corresponding Civil Service provisions. The proposed benefit changes would increase the normal cost of the system an estimated \$418,000 and the unfunded liability by \$20 million. The \$418,000 is included in the \$6 million figure mentioned above as the amount required to fully pay the Foreign Service normal cost. An appropriation of \$1,301,000 per year for 30 years would be required to amortize the \$20 million increase in unfunded liability pursuant to section 885 of the Foreign Service Act. A detailed cost estimate is enclosed.

3. Elimination of the ten-year waiting period Foreign Service staff personnel now must serve before becoming participants in the Foreign Service retirement system. This change is expected to result in an annual savings to the system of approximately \$700,000. This saving is also reflected in the above \$6 million figure.

4. Lowering of career minister mandatory retirement age to the regular Foreign Service retirement age of 60. This would have a negligible cost impact.

The above and other changes are fully explained in the enclosures. These changes will promote equity, improve financing and facilitate management of the Foreign Service retirement system. We would appreciate the early consideration and approval of them by the Congress.

We are advised by the Office of Management and Budget that there is no objection from the standpoint of the President's program to the submission of this proposal.

Sincerely,
W. MARSHALL WRIGHT,
Acting Assistant Secretary for Congressional Relations.

By Mr. DOMINICK:

S. 1792. A bill to extend the authorization of appropriations for the Bilingual Education Act, for the dropout prevention program, and for section 309 of the Adult Education Act. Referred to the Committee on Labor and Public Welfare.

Mr. DOMINICK. Mr. President, a few weeks ago, I introduced the Better Schools Act (S. 1319), the administration's education revenue sharing proposal. The bill I introduce today is a companion measure designed to extend for 1 year three education programs which are not incorporated into the Better Schools Act, but which will rather be retained at the Federal level.

This bill would extend the bilingual education program, the dropout prevention program, and the special experimental demonstration projects, and teacher training program—section 309—of the Adult Education Act. The administration's original proposal has been modified to show actual budget figures. Should the Better Schools Act not receive prompt action, it may be that the bill will have to be modified; and a num-

ber of my colleagues feel that, in any event, the authorization should be increased.

By Mr. CANNON:

S. 7973. A bill to provide for coverage, under the insurance system established by title II of the Social Security Act, of service performed by employees of the Government Printing Office. Referred to the Committee on Finance.

SOCIAL SECURITY FOR CERTAIN GPO EMPLOYEES

Mr. CANNON. Mr. President, I introduce, for appropriate reference, a bill to provide social security coverage for certain Government Printing Office employees not now eligible for either civil service retirement benefits or Federal old-age, survivors, and disability insurance.

Generally speaking, Federal employees who are not covered by the civil service or other Federal retirement system established by law are covered by the insurance and tax provisions of the Social Security Act. That law, however, defines "employment" to specifically exclude all employment performed in the legislative branch. Since the Government Printing Office is a legislative agency, work performed in the Office is excluded from the definition of employment entitling a person to Federal old-age and survivors benefits. The effect has been to deny social security coverage to approximately 900 temporary and intermittent employees of the Government Printing Office, even though they are not otherwise eligible for the civil service retirement system. Moreover, since most other Federal employees who are not covered by a Federal retirement system do receive coverage under the Social Security Act, this works an inequitable burden on those employees of GPO who are not so covered. This bill would eliminate that inequity.

By Mr. CANNON:

S. 1794. A bill to amend section 308 of title 44, United States Code, relating to the disbursing officer, deputy disbursing officer, and certifying officers and employees of the Government Printing Office. Referred to the Committee on Rules and Administration.

ACCOUNTABILITY OF GPO DISBURSING AND CERTIFYING OFFICERS

Mr. CANNON. Mr. President, I introduce, for appropriate reference, a bill to restore certain sections omitted from the codification of title 44 concerning the functions of the Government Printing Office disbursing officer and will also provide for accountability and relief of GPO certifying officers in the same manner as that afforded to other Government certifying officers.

Since 1923 the disbursement functions of the Government Printing Office have been vested in the disbursing clerk, who is charged with accountability for receipts and disbursements of all funds for the GPO. The provisions detailing his responsibilities, while not repealed, have nevertheless been omitted from the last several editions of the United States Code, including the recent codification of title 44—Public Law 90-620, October 22, 1968.

Moreover, the disbursing officer of the
